**UNITED STATES DISTRICT COURT

NORTHERN MARIANA ISLANDS**

UNITED STATES OF AMERICA,
Plaintiff

vs.

ANTONIO R. CABRERA,
Defendant

USDC Cr. Cs. No. 00-00023-001

REQUEST TO TRAVEL

On February 22, 2001, Antonio R. Cabrera was sentenced in the U.S. District Court for the Northern Mariana Islands after he was found guilty of three counts of Theft Concerning Programs Receiving Federal Funds, in violation of 18 U.S.C. § 666(a)(1)(A). Mr. Cabrera was sentenced to 33 months of incarceration, to be followed by three years of supervised release. His conditions of supervised release include the following: that he not commit another federal, state, or local crime; that he comply with the standard conditions of supervised release; that he not possess a firearm or dangerous weapon; that he undergo a mental health assessment approved by the U.S. Probation Office for treatment of anger management, and submit to any recommended treatment as a result of that assessment; that he seek and maintain gainful employment; that he not possess any illegal controlled substances unless prescribed by a licensed physician, and submit to one urinalysis within 15 days after release from imprisonment and two more urinalyses within 60 days thereafter; that he pay restitution in the amount of \$56,461.98 to the CNMI Department of Finance; and that he pay a fine of \$15,000. In addition, he was ordered to pay a \$300 special assessment fee.

Mr. Cabrera was released from incarceration July 20, 2005, and has been under the supervision of the U.S. Probation Office since. Mr. Cabrera is in compliance with his conditions and reports monthly as required. He paid his special assessment fee on August 1, 2005, and completed the last of his three urinalyses on August 24, 2005. On September 25, 2005, Marianas Psychiatric Services conducted a mental health assessment and determined that Mr. Cabrera would benefit from no less than ten counseling sessions for the treatment of anger management. He attends counseling twice a month and has completed three sessions to date.

Mr. Cabrera is making \$100 monthly payments to his restitution. He is employed part-time by his wife's uncle, Mr. James Chua of Pacific Century, Inc., and receives between \$500 to \$1,000 a month from the delivery of fresh produce to local businesses. He also receives a monthly income of \$900 from property rental.

On January 6, 2006, Mr. Cabrera suffered a heart attack and was admitted to the Commonwealth Health Center's Intensive Care Unit. The Commonwealth Health Center's Medical Referral Office has requested that Mr. Cabrera be sent to the Republic of the Philippines as soon as possible for a cardiac catheterization procedure to unblock the arteries to his heart. The medical referral office anticipates that Mr. Cabrera will need to be in the Philippines for at least three weeks for the operation, recovery period, and necessary check-ups. Mr. Cabrera has also expressed his desire to see a dentist in the Philippines for a dental check-up. This additional visit is supported by the Commonwealth Health Center because Mr. Cabrera may need future treatment for his heart condition that will require that his teeth be free of decay.
